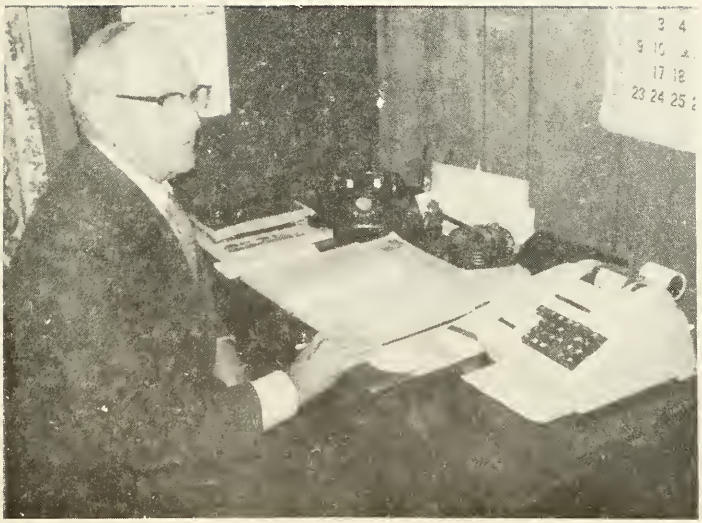
IN TRIBUTE



ARTHUR BUTLER BROWN

Born August 17, 1897

This issue of the Sandwich Town Report is dedicated, with affection and gratitude, to Arthur B. Brown, who has served our Town so faithfully and so well for thirty years.

Arthur was born in Fremont, N.H., graduated from U.N.H., and in 1923 moved to Moultonborough. His long record of public service began in that town where he served as Road Agent, Moderator, and for six years as Selectman. He moved, on a permanent basis to Sandwich in 1947, where he continued his devotion to public service unabated. He served as Selectman, 1949-1954; as Moderator, 1958-1968; and as Treasurer, 1967-1975. In addition to these town duties he served also, 1958-1972, as one of the three Carroll County Commissioners, the last two years as Chairman. He also served as Chairman of the State County Commissioners Association for two years.

Even a partial list of the many other ways Arthur has served Sandwich and its townspeople is impressive. At various times, and often for several years he has served as Chairman or Director of the Sandwich Chapter of the American Red Cross, Trustee of the Sandwich Historical Society, officer or member of the Old Home Week Association, Chairman of the Dr. Robert Quimby Memorial Fund, ("The Doctor's Committee"), and Chairman of the Speakers and Entertainment Committee of the Sandwich Fair Association. He is a Past Master of the Sandwich Grange, Past Master of the Red Mountain Lodge, F&AM, Past Patron of the Bearcamp Chapter, O.E.S., District Deputy Grand Master of the Grand Lodge of New Hampshire, F&AM and Past Grand Patron of the Grand Chapter of New Hampshire, O.E.S.

To this fine citizen the Town of Sandwich extends its deepest respect and its sincerest thanks for a multitude of tasks superbly done. May he enjoy many more years in our midst as a friendly, helpful neighbor, well content in the knowledge that he has contributed several times his share in making Sandwich the fine town it is in which we live.

ANNUAL REPORT
SANDWICH CONSERVATION COMMISSION

The Conservation Commission was involved in two main projects during 1975. The joint effort of the Sandwich Conservation Commission and the Society for the Protection of New Hampshire Forests culminated in the purchase of a key parcel of land in Sandwich Notch. The 70 acre parcel of land was purchased from Elizabeth P. Peaslee of Sandwich and Richmond, Virginia. The land once owned by Col. Lewis Smith, a 19th century farmer, is located opposite the Beede Falls Town Park. It will eventually be turned over to the Town of Sandwich.

The Conservation Commission would like to take this opportunity to thank Mrs. Peaslee for keeping the property off the open market long enough for the Forest Society to purchase it. Her willingness to help protect this unique area from development is most admirable.

The Conservation Commission hopes to announce the purchase of several additional parcels during the 1976 Bicentennial Year.

Our second project is the sponsorship of a tree planting project as part of our contribution to the Bicentennial celebration. The purpose of this planting is to restore the roadside beauty of the community. To date, approximately 60 trees have been ordered. The success of this project is due to the generous contribution by the Quimby Trust. Additional help in promoting this project has been provided by the Town Club and the Sandwich Land Use Forum.

The Conservation Commission would like to express its gratitude to all those individuals who have contributed to the success of these projects.

Raymond Conley, Chairman
Sandwich Conservation Commission

SANDWICH PLANNING BOARD

1975 ANNUAL REPORT

The calendar year of 1975 has been an active one for the planning board. Mrs. Eva Fellows' term expired 12-31-74 and she was replaced by Robert Delgado. Vaughan Harmon resigned to make way for a younger member and Kerry Peaslee was then appointed. Both retiring members put in many hours at meetings and in the field. They did a wonderful job and are greatly missed.

A number of small subdivisions were presented during the year. We did have one subdivision of thirty-two lots that was approved. The board rejected one subdivision and withdrew a previous approval of a waiver granted to the same lot. We also turned down a waiver on another lot to extend a building too close to the lake.

The board spent a lot of time on researching the National Flood Insurance Program. At a special Town Meeting the town voted to adopt it. The board then went to work on the Building Code for the flood prone areas which has been completed but too late for placing in this year's warrant. This matter will be presented shortly.

During the fall and winter we have had special meetings to work on the Town Master Comprehensive Plan, which will be required if we should have another disaster or need for federal help.

We are presently updating our subdivision and zoning regulations, which should be ready for presentation to the town soon.

Your planning board members are volunteers and put in many hours attending out-of-town meetings and traveling around town for on-site inspections at their own expense. They deserve your gratitude, your praise and your support.

ACTIVITIES

During the year, the State Bookmobile made several visits to Sandwich to supplement our collection.

Library attendance continues to increase as evidenced by the issuance of 909 borrowers cards.

As many of you know, the State is divided into four library districts, each with an Advisory Council. Our Librarian, Sylbert A. Forbes, is President of the Central District Advisory Council with 48 member libraries. To further increase her knowledge of library work, she is taking courses at Plymouth State College.

A legacy from the Margaret Burns Estate made possible the purchase of a film projector which is being used in a program sponsored by the Friends of the Library. The Friends have completed another busy year. Their July fair raised money that has gone to help the School Library. The Trustees are grateful for their continued interest and support.

This year has seen the loss of three devoted library members: Margaret E. Greene, Henry G. Balch, and Carlton F. Heard. Memorial funds for special gifts have been established in their names by their friends.

The thanks of the Trustees go to the many townspeople who take an active part in the library work.

TOTAL CALLS	31

We are pleased to report there were no serious structural fires in Sandwich this past year. We are indeed fortunate and wish to urge continued caution on the part of all the residents of the town so that we may be able to sustain this record. Prompt notification of the department of any emergency is also essential to keep losses small.

With the greatly increased use of wood stoves and fireplaces we urge our residents to have their chimneys checked this Spring and cleaned if necessary so as to avoid a possible chimney fire.

The four inch hose authorized to be purchased at the last town meeting was delivered and tested in the Spring. We have used this hose a number of times since but fortunately only for drills, We were able to purchase 1100 feet of this hose with the money appropriated.

Those who attended our Mutual Aid drill during Old Home Week were able to witness a demonstration of relay pumping through the four inch hose from the Town Hall pond to the Central Fire Station.

During a rerating inspection of your department by the Insurance Services Office of New Hampshire (the former Board of Fire Underwriters) we unfortunately suffered a major pump failure on Engine 1 from the Whiteface Station. We took this engine to Farrar Company, from whom we originally purchased it for repairs. It was out of service for several weeks and we were fortunate to have the old college Mack to cover the Whiteface Station while it was gone. The pump was completely rebuilt, tested and is now back in full service. We had to keep a very tight budgetary control because of this unexpected expensive repair and hence we had to put off purchasing various items we had been scheduled to acquire. We are pleased to report that even with this repair we were able to stay within the funds appropriated.

In closing, on behalf of the department I wish to extend my sincere and grateful thanks to the Selectmen for their cooperation and assistance, to all the officers and men of the department, the Sirens, the Junior Fire Department, and finally to the members of the Lakes Region Mutual Fire Aid Association, all whom have given so freely of their time at no cost to the town.

REPORT TO TOWNS
SANDWICH

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forest and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

SANDWICH POLICE DEPARTMENT REPORT

1975

This past year has been a busy one for the Sandwich Police Department. The Department work load increased over 33% in 1975. Despite a decrease in active members within the Department the remaining officers did an excellent job of making sure the necessary police coverage was provided.

Although there was a significant increase in activity, the Department was successful in closing a large number of its cases. The arrest of a Lewiston, Maine man lead to the solving of many burglaries which occurred in one evening. The arrest of a Meredith man solved many of our camp breaks.

Much training was received by members of the Department in 1975. Most of the training was at no cost to the town.

Once again, the policy generally prevailed that no club or civic organization payed for policing at any of their functions requiring a police officer.

The Cadet program finally got going in early August. An extremely worthwhile project, it is hoped the town will proceed with the program in 1976. The cost to the town is $86.00.

The Sandwich Notch has required its own policeman due to the tremendous use it now receives.

It is impossible to give a full accurate report in the Annual Town Report. It simply would take too much space.

For all who have contributed to the Department's success, especially the cadets, thank you, but most of all, a special thanks to those men of the Department who contributed more than their fair share to make the Department's operation for 1975 a success.
